

CALL FOR PAPERS

15th Doctoral Meetings in International Trade and International Finance

June 25-26, 2015, at University of Orleans, LEO-CNRS

organized by the network

Research in International Economics and Finance – RIEF

The RIEF network organizes a yearly doctoral meeting which offers the opportunity for a limited number of PhD candidates or young PhDs to present their papers before an audience of senior researchers in the field. In the last years, meetings were held in prestigious Universities such as Zürich, Paris 1-Sorbonne, Bocconi, Nice, Kiel, Aix-Marseille or Barcelona. For several years now, a couple of invited senior sessions are organized jointly with junior sessions.

The 2015 edition will be hosted by the University of Orleans' department of economics (LEO-CNRS) on **June 25 and 26**. A prize of 500 euros will be awarded to the best paper presented. To be eligible, authors and co-authors should be Phd students at the time of papers' submission.

PhDs candidates and young PhDs should submit their papers in electronic format (pdf) exclusively to sophie.desalee@cepii.fr by March 9, 2015 at the latest. Decisions on papers will be taken on April 24, 2015.

Thanks to our sponsors, there will be no submission fees. For further practical and academic details please visit the RIEF website: <http://sites.google.com/site/riefnetwork/>

Besides, the journal *International Economics* (<http://www.journals.elsevier.com/international-economics/>) will consider for a special issue submissions of papers presented in the meeting, using a fast editorial process.
